JES LIGHTING, Inc.

Assumptions:

- A residential-grade table lamp used in an institutional setting will need to be replaced every 3.5 years - MINIMUM
- A residential-grade, fabric lamp shade will need to be replaced every 2 years - MINIMUM
 - fabric lamp shades cannot be effectively washed - they will take dirt and oils into their pours over time
- Fabric lamp shades also represent fire and health hazards - their material does not have flame-retardant or anti-bacterial properties.

*JES Lighting, Inc. has industry-leading 10 year warranty on lamps AND shades

*Industry standard: 1 year warranty on lamps and 90 day warranty on shades
